

FALL 2021

UNIV 1810: NEURODIVERSITY IN ENGINEERING

MONDAYS 1:25 - 2:15 PM

Explore issues relevant to new engineering students of any discipline who identify as neurodivergent, including, but not limited to, students with ADHD, autism, anxiety, dyslexia, or learning differences. Join our community and:

- **Learn about your strengths**
- **Cultivate creativity**
- **Build self-advocacy skills**
- **Develop self-awareness**
- **Learn how to use campus resources
& optimize your learning experience**
